

### Features

- Natural orange terpenes (95%)
- Contains no petroleum distillates
- Pleasant citrus fragrance
- Non-corrosive, non-caustic, non-acid
- Higher flash point than other citrus-type solvents
- Food Processing Acceptability: C1
- Water rinsable
- Water dilutable
- Concentrated
- Biodegradable

### Description

Made from the highest quality orange solvents, CITRA-SOLV is a truly remarkable 100% organic formulation, which represents an exclusively new approach in one step degreasing and deodorizing. The natural, orange solvent of CITRA-SOLV provides a multitude of added values such as odor control, unclogging drains, and the removal of tar and asphalt from most hard surfaces. CITRA-SOLV's non-corrosive, multi-purpose formula effectively strips grease and heavy oil deposits from practically any surface. CITRA-SOLV is intended for use as a compound in drain lines and/or sewage systems in areas of official establishments operating under the Federal meat, poultry, shell egg grading and egg products inspection programs where there is no possibility of food contact in food processing and food handling establishments.

### Applications

- Degrease trucks
- Remove tire marks
- Clear drains
- Clean equipment
- Unclog grease traps
- Remove soap scum
- Remove adhesive
- De-tar vehicles
- Remove printer ink
- Remove decals
- Clean motors
- Clean fuel deposits

### Directions

To unclog drains, pour eight ounces of CITRA-SOLV directly into drain. Let stand for one hour or more. Flush with hot water. For disposals, use the same procedure. To clean and degrease surfaces, dilute four ounces of CITRA-SOLV into one gallon of warm water. Apply solution generously to surface to be cleaned. Let stand for five minutes. Rinse thoroughly. For odor control, dilute two ounces of CITRA-SOLV into one gallon of cold water. Apply through a sprayer to odor source. CITRA-SOLV will immediately leave a fresh citrus scent.

### Product Specifications

Appearance	Clear/orange liquid
Odor	Citrus
Evaporation Rate (Butyl Acetate=1)	Not available
Solubility in Water	Complete
Vapor Pressure (mmHg)	Not available
Vapor Density (Air=1)	Not available
Specific Gravity (H <sub>2</sub> O=1)	0.84
pH Concentrate	Not available
Boiling Point	Not available
Flash Point	122°F (CC method)
VOC	Not available
Flammability	Combustible liquid
Storage	Store in a well ventilated place. Keep cool. Keep container closed when not in use.
Transportation Information	
DOT Classification	3 - Flammable liquid
UN Number	2319

**Also available in aerosol.** See product #1424.

Health	4
