

Pro Earth Floor Strip

#2121

Environmental Floor Stripper

Product Information Sheet

Features

- Non-corrosive and low odor
- Biodegradable
- VOC level below 7% after dilution
- Does not contain ammonia, alkylphenol ethoxylate surfactants, or 2-butoxy ethanol

Applications

- Office buildings
- Commercial facilities
- Schools
- Hospitals
- Daycares
- Grocery stores

Description

PRO EARTH FLOOR STRIP is a highly concentrated, low odor, environmentally preferable wax stripper to be used for removing PRO EARTH FLOOR SHINE. PRO EARTH FLOOR STRIP quickly penetrates multiple coats of built up, aged finish. It even works with cold water, and is strong enough to remove conventional metal interlocked finish as well. It is dye and fragrance free and does not have a pH higher than 12.0.

Directions

Dilute one part PRO EARTH FLOOR STRIP to four parts cold water for heavy build-up. Dilute one part PRO EARTH FLOOR STRIP to twelve parts cold water for normal build-up. Spread solution liberally to floor area and surface and soak for 5-10 minutes prior to scrubbing. Re-wet as needed. Hand or machine scrub with black pads or stripping brushes. To pick up solution after stripping, use a wet/dry vac, autoscrubber, or mop. Rinse floor thoroughly. Do not use on wood, painted, or rubber surfaces.

Product Characteristics

Appearance	Thin, colorless liquid
Odor	Solvent
Boiling Point (Est.)	212°F
Solubility in Water	Complete
Specific Gravity (H2O= 1)	1.01 ± 0.02
Vapor Pressure	Unknown
Vapor Density	Unknown
Flash Point (Method Used)	No flash at boil (C.C.)
VOC Level (Concentrate)	30%
pH Concentrate	11-12
Storage	Store in a cool, dry place. Keep container closed when not in use.
Transport information	
Class #	55
NMFC	48580-3

FIRST AID:

IF EYE CONTACT: If eyes are contacted, flush with water for 15 minutes. If irritation persists seek medical attention.

EXCESSIVE SKIN EXPOSURE: If skin is contacted, wash affected area with soap and water. If irritation persists, seek medical attention.

EXCESSIVE INHALATION: If discomfort is experienced after prolonged exposure to mists/vapors, remove to fresh air. If breathing is difficult, give oxygen and seek medical attention.

IF INGESTED: If ingested, do NOT induce vomiting. Give moderate amounts of water to wash out mouth area and dilute remaining residue. Seek medical attention.

Dispose of waste in accordance with Federal, State, and Local Regulations.

When cleaning we recommend the use of gloves and wearing protective glasses when pouring concentrates.

RECYCLING:

This product package, including container and closure and shipping carton, is designed for recycling.
