

Features

- Natural Soy (90%) and Orange Terpenes (5%)
- Non-caustic
- Pleasant citrus fragrance
- Non-acid
- Higher flash point than other citrus-type solvents
- Non-corrosive
- Controls odors
- Concentrated
- Biodegradable

Description

CITRA WORKS is a versatile natural solvent made from soy and orange terpenes that work together to cut through grease and grime. The natural, organic formula provides a multitude of added values such as odor control, unclogging drains, and the removal of tar and asphalt from most hard surfaces. The non-corrosive, multi-purpose formula effectively strips grease and heavy oil deposits from practically any surface.

Applications

- Degrease trucks
- Remove tire marks
- Clear drains
- Clean equipment
- Unclog grease traps
- Remove soap scum
- Remove adhesive
- De-tar vehicles
- Remove printer ink
- Remove decals
- Clean motors
- Clean fuel deposits

Directions

To unclog drains, pour eight ounces of CITRA WORKS directly into drain. Let stand for one hour or more. Flush with hot water. For disposals, use the same procedure. To clean and degrease surfaces, dilute four ounces of CITRA WORKS into one gallon of warm water. Apply solution generously to surface to be cleaned. Let stand for five minutes. Rinse thoroughly. For odor control, dilute two ounces of CITRA WORKS into one gallon of cold water. Apply through a sprayer to odor source. CITRA WORKS will immediately leave a fresh citrus scent.

Product Specifications

Appearance	Thin orange liquid
Odor	Citrus
Solubility in Water	None
Vapor Pressure (mmHg)	Unknown
Vapor Density (Air=1)	Unknown
Specific Gravity (H2O=1)	0.84 ± .02
pH Concentrate	N/A
Boiling Point	212°F
Flash Point	142°F (CC method)
VOC	5%
% Volatile	100
Storage	Store in a cool, dry area. Keep container closed when not in use.
Transportation Information	
Class #	55
NMFC	48580-3

Health	1
Flammability	1
Reactivity	0
