

Pro Earth Floor Shine

#2122

Zinc-Free Floor Finish

Product Information Sheet

Features

- Low odor and easy to use
- Contains no zinc
- VOC level below 7%
- 19% solids
- Does not contain ammonia, alkylphenol ethoxylate surfactants, or dibutyl phthalate
- High gloss

Applications

- Office buildings
- Commercial facilities
- Schools
- Hospitals
- Daycares
- Grocery stores

Description

PRO EARTH FLOOR SHINE is an environmentally preferable zinc-free floor finish that produces a durable finish with an outstanding rich gloss, and has superb leveling and black heel mark resistance. PRO EARTH FLOOR SHINE is very popular in the health care industry because it has a low odor and is easy to use in occupied areas. It is suitable to use for both conventional and high-speed buffing programs. Must use PRO EARTH FLOOR STRIP to remove PRO EARTH FLOOR SHINE. Conventional strippers will not work.

Directions

Only apply PRO EARTH FLOOR SHINE to a completely clean, dry floor surface. Apply medium coats with a clean mop or microfiber applicator. Do not dilute. Allow 20-30 minutes drying time between coats. Temperature, ventilation, and humidity will affect drying time. To bring out the shine, buffing the floor is necessary.

Maintenance: Dust mop or microfiber sweep floor surface. Clean the floor with a damp mop or autoscrubber using PRO EARTH NEUTRAL FLOOR CLEANER according to label directions. To increase gloss, spray buff or burnish using dust control systems.

Product Characteristics

Appearance	Milky white liquid
Odor	Bland
Boiling Point (Est.)	209°F
Solubility in Water	Emulsion
Specific Gravity (H2O= 1)	1.04 ± 0.02
Vapor Pressure	Unknown
Vapor Density	Unknown
Flash Point (Method Used)	No flash at boil (C.C.)
VOC Level	< 7%
pH Concentrate	7.0-9.0
Storage	Store in a cool, dry place. Keep container closed when not in use.
Transport information	
Class #	55
NMFC	48580-3

FIRST AID:

IF EYE CONTACT: If eyes are contacted, flush with water for 15 minutes. If irritation persists seek medical attention.

EXCESSIVE SKIN EXPOSURE: If skin is contacted, wash affected area with soap and water. If irritation persists, seek medical attention.

EXCESSIVE INHALATION: If discomfort is experienced after prolonged exposure to mists/vapors, remove to fresh air. If breathing is difficult, give oxygen and seek medical attention.

IF INGESTED: If ingested, do NOT induce vomiting. Give moderate amounts of water to wash out mouth area and dilute remaining residue. Seek medical attention.

Dispose of waste in accordance with Federal, State, and Local Regulations.

When cleaning we recommend the use of gloves and wearing protective glasses when pouring concentrates.

RECYCLING:

This product package, including container and closure and shipping carton, is designed for recycling.
