

Hand and Body Lotion

Features

- Non-oily, water-based
- Absorbs quickly
- Restores moisture
- Prevents redness, chapping and irritation
- Contains lanolin and aloe vera
- Neutral pH

Description

SKIN THERAPY is formulated with a special blend of water-based emollients and moisturizers that provide soothing relief, restoring moisture as it absorbs quickly into the skin. Because the ingredients are water based, SKIN THERAPY leaves no oily residue. SKIN THERAPY is perfect for all washrooms, particularly where frequent hand washing is required.

Applications

- Hospitals
- Nursing homes
- Medical offices
- Restaurants
- Hotels/motels
- Manufacturing plants
- Refineries
- Wastewater treatment plants

Directions

Squeeze a small amount of SKIN THERAPY into palm, and rub thoroughly into hands, arms, face and all over the body. Use often to keep skin comfortable and conditioned.
