

Health and Wellness Kit #135701

An apple a day keeps the doctor away... and so will these products!

This kit is designed to keep your workplace clean and keep YOU healthy!

Germ Away II *Hard Surface Disinfectant Wipes*

EPA registered wiping cloths that safely decrease chances of cross-contamination. They are biodegradable and contain a stable, low-pH formula that acts as a disinfectant and deodorant. Can be used on nearly all hard, non-porous surfaces.

Space Guard *Total Release Citrus Disinfectant Deodorant*

This total release, EPA registered aerosol fog is a virucidal, tuberculocidal, fungicidal, bactericidal, Pseudomonacidal, Staphylocidal hospital use and broad spectrum disinfectant and antimicrobial agent. It is an excellent disinfectant and deodorizer on pre-cleaned, hard, non-porous surfaces.

Eliminator *Aerosol Air Sanitizer and Deodorizer*

This EPA registered product eliminates odors by killing odor causing bacteria from the air. As an air sanitizer, it effectively cleanses the air you breathe. The next generation odor counteractant system chemically bonds with the malodor molecule, destroying the odor source instead of just covering up or masking.

Lemon Aid *Lemon Scented Hand Sanitizing Wipes*

These dual-textured wipes combine a highly effective skin sanitizing formula and an abrasive, non-scratching, moisturizing wipe for a one-step sanitizing system that smells great. It dissolves contaminated biofilm and kills, absorbs, and removes disease-causing germs and bacteria from skin. Effective against MRSA.

Important Tips for Staying Healthy

- Cover your mouth and nose with a tissue when you cough or sneeze, and throw away the tissue afterwards.
- Wash your hands often, especially after you cough or sneeze.
 - Wash with soap and water for at least 20 seconds.
 - Use alcohol-based hand sanitizers if soap and water are not available.
 - Wash hands before and after preparing and eating food, before and after using the restroom, and before and after touching your nose, eyes, or mouth or after touching any items that may have been exposed to bodily fluids.
- Avoid touching your eyes, nose, and mouth, as this is how germs are spread.

The Health and Wellness Kit contains 3 each Eliminator and Space Guard, and 2 each Germ Away and Lemon Aid.
