

COMMERCIAL MATTING 2016

AQUA MAT

SLIP RESISTANT/WET ENVIRONMENTS/INDOOR-OUTDOOR

- Unique design provides excellent slip resistance and anti-fatigue properties
- Drain holes allow water to freely drain away
- Perfect for use in wet areas
- Treated with special antimicrobial agents for a lifetime protection against odors and degradation
- Can be autoclaved to sterilize for health care use
- Nitrile rubber cushion is UV resistant and will last for years
- Soft to walk on with bare feet
- Recommended for use in locker rooms, showers, spas and around pools and hot tubs. Also recommended for use in operating rooms and medical scrub areas.

CLEAN STEP

SCRAPER-WIPER/INDOOR

- Each mat contains 60 sheets of adhesive matting
- The sheets are numbered to make sure only 1 sheet is removed at a time
- Earth-friendly rubber backing contains 20% recycled rubber
- Available in smooth or cleated backing
- 3/8" thickness
- For use in factories, computer rooms, warehouses, school gymnasiums, health care facilities and more
- CLEAN STEP mat frames do not include CLEAN STEP inserts
- Inserts available in 24" x 30" and 34" x 44". Both are a 60-layer insert

CLEAN STEP mats provide highly effective dirt and dust removal to prevent "tracking" debris into an area you are entering. Mat surface scrapes larger particles while the adhesive insert captures smaller dust & dirt. With only two footsteps on the adhesive part of the mat, over 90% of dust and dirt are removed from shoes.

The CLEAN STEP adhesive insert is comprised of 60 layers of adhesive coated film. Each layer will perform many times before it must be peeled away. Each layer is numbered to ensure one sheet at a time removal and to indicate the number of layers remaining.

Rubber Frame: 26.5" x 32"
 Rubber Frame: 36.5" x 46"
 Carpet/Rubber Frame: 26.5" x 63.5"
 Carpet/Rubber Frame: 36.5" x 92.5"
 Insert: 24" x 30"
 Insert: 34" x 44"
