<b>Transport Information:</b>	
Proper Shipping Name:	Not regulated
UN Number:	Not regulated
Class:	Not regulated
Packing Group:	Not regulated

### Directions:

**Hospitals/Nursing Homes/Veterinary Clinics/Schools/Industrial Plants:** Dissolve 2 tablespoons in 1 pint of warm water. Spray on the surface or on sponge, and rinse. For floors, walls and carpets, solution may be used with soap or detergent.

**Gen Purpose Cleaning:** Use 1-2 ounces per 3 gallons of rinse water. Use as a spray on top of full garbage cans, in wash down areas and waste receptacles. Excellent for overcoming smoke odors from fires.

**Air Freshening:** Use 1-2 ounces in spray bottle of water. Spray room liberally. Repeat every 4 hours for effectiveness. You may also use 1-2 ounces in a vase or pan of water to absorb odors.

**Airplanes/Buses/Trains:** 1-2 ounces in a spray bottle of water can be sprayed around galley. Spray directly on vomit and surrounding area. In lavatory, add 1 ounce to holding tank for each charge. For general cabin odor, use as a spray.

**Bathrooms/Lavatories:** Use 2-4 ounces per gallon of wash for porcelain and tile surfaces. For spray stalls and toilets, use concentrate in drip dispensers.
