

ASSAULT R.T.U. #2609

Ready-to-Use Heavy-Duty Biodegradable Water-Based Degreaser

Features:

- Immediately lifts and penetrates soils
- Nontoxic, noncorrosive, nonflammable and biodegradable
- Contains powerful cleaning ingredients
- Suitable for almost all industrial, commercial and automotive cleaning and degreasing applications
- Safe to use on all washable surfaces
- Dilution ratio is medium-duty, 1:10

Description:

ASSAULT R.T.U. is a fast-acting cleaner and degreaser that immediately removes stubborn, oily and greasy soils from a wide range of washable surfaces. It is an all-purpose cleaner/degreaser that rapidly penetrates and dissolves dirt, oil, grease, carbon, rubber marks, wax, soot and many other resilient soils. Free of fumes and has a natural sassafras aroma that makes it pleasant to use. Contains special rust inhibitors, making it safe for use on metal surfaces. Will not leave an oily film.

Applications:

- Equipment
- Kitchen Surfaces
- Aluminum
- Engines & Motors
- Concrete Floors
- Scrubbing Machines
- Walls
- Boat Exteriors
- Painted Surfaces
- Swimming Pools
- Floors
- Stainless Steel
- Plastic & Fiberglass
- Lockers
- Acoustical Tiles

Product Characteristics:

Appearance:	Colored liquid
Odor:	Fragranced
Vapor Pressure:	Not available
Boiling Point:	212°F-356°F
Melting Point:	Not available
Vapor Density:	Not available
Solubility in Water:	Completely soluble
pH:	12.0-13.0
Flash Point:	>215°F; Closed cup
Auto-Ignition Temp:	Not available
Specific Gravity:	1.045 to 1.055
Storage:	Store in cool, dry conditions away from direct sunlight. Keep container tightly closed. Keep out of reach of children.
Transport Information:	
Proper Shipping Name:	Corrosive Liquid N.O.S
UN Number:	UN1760
Class:	8
Packing Group:	III

Directions:

Ready-to-use - Simply spray and wipe surface. Leaves no residue or streaks.

Do NOT use on raw rubber.
