Features:

- Forms a protective barrier against blood sucking insects
- Ideal for active outdoor activities
- Lasts up to 120 hours
- Non-toxic
- Highly concentrated
- Food Processing Acceptability: C1

Description:

BUG BARRIER BANDS are an all-natural yet highly effective method of insect repellent. Made from Geraniol oil, BUG BARRIER BANDS have been proven in various laboratory and field tests to be the best flying insect repellent available. This neutral, environmentally friendly, child safe, pesticide-free product has been proven to be more effective than Citronella. These bands are 20% Geraniol oil molded into polyethylene plastic, creating an ideal way to disperse Geraniol vapors. Many repellents are easily diluted with perspiration, but the wristband keeps working. The band is designed with a patented break-away strap that snaps if the band is entangled and pulls on the person's arm. It is packaged in an innovative re-sealable plastic pot, which can be used to store the bands between uses, allowing up to 120 hours of active life. Band can also be worn on belt loops, ankles and hatbands or applied to other areas where insects pose a threat. It can also be placed in areas around campsites, baby carriages, boats, etc. where insects could be a problem.

Applications:

- Mosquitoes
- Gnats
- No see-ums
- Flies
- Fleas

Product Characteristics:

Physical State:	Solid polyethylene
Color:	Various
Odor:	Rose-like
Initial Boiling Point:	374°C
Vapor Density:	Unknown
Vapor Pressure:	Unknown
Specific Gravity:	0.87
Solubility (water):	Insoluble
Flash Point:	Not determined
pH:	Not available
Storage:	Store in a cool, dry place. Avoid freezing or abnormally high temperatures.
Transport Information:	
UN Number:	Non-hazardous
Proper Shipping Name:	Non-hazardous
Class:	Non-hazardous
Packing Group:	Non-hazardous

Directions:

Wrap band around desired place and resume normal activity.

When active life is expired, place in recycling bin with other plastic recyclables.

Bands have a three year shelf life as long as they remain unopened.

Active Ingredients

Geraniol: 20%

DOT Placard:

Non-hazardous
