

DRAIN COAT #2418

Thickened Enzyme Treatment for Organic Waste

Features:

- Thick gel clings to sides of pipes and drain lines
- Contains 300 billion of 7 strains of bacteria per gallon
- Nonacid, nontoxic, nonalkaline, nonpathogenic, nonpolluting
- Reduces suspended solids
- Certified salmonella and E.coli free
- Can be used to deodorize carpet

Description:

DRAIN COAT'S unique, thick formula grips to the sides of pipes and drain lines, increasing contact for a deeper, more effective solution. It digests and liquefies organic waste, grease and food by-products in hospitals, nursing homes, schools, prisons, funeral homes, apartments, kennels, clinics, porta-toilets, marinas and septic tanks. It contains 300 billion organisms per gallon of the following strains of bacteria: bacillus subtilis, bacillus amuloliquifaciens, bacillus lichenformis, bacillus megatherium, pseudomonas fluorescens, commomonas terrigena and bacillus firmus.

Applications:

- Grease Traps
- Sewer & Drain Lines
- Down Pipes
- Septic Tanks
- Portable Toilets
- RVs

Product Characteristics:

Appearance:	Thick, opaque, pink liquid
Odor:	Floral
Evaporation Rate:	Slow
Specific Gravity:	1.00
Viscosity:	7400 cps
Boiling Point:	212°F
VOC:	0%
Vapor Pressure:	17.5 @ 77°F (25°C)
Vapor Density:	> 1 @ 77°F (25°C)
Solubility(water):	100%
Cold Stability:	32°F
Flash Point:	Not available
(%) Volatile by Volume:	100%
pH:	8.5
Storage:	Store in a cool, dry area away from extremes of temperature. Keep container tightly sealed when not in use. Keep out of the reach of children.
Transport Information:	
Proper Shipping Name:	Cleaning Compound, N.O.S
UN Number:	Not available
Hazard Class/Division:	None
Packing Group:	None

Directions:

SHAKE/STIR WELL BEFORE USE.

GENERAL ODOR CONTROL: To eliminate odor caused by vomit, spoiled food, decomposed animals, waste receptacles, etc., spray directly on malodor and allow bacterial action to work. The added fragrance will quickly neutralize any odor.

CARPET DEODORIZING AND ORGANIC WASTE: Apply directly to malodor and allow bacterial action to work. The added fragrance will quickly neutralize any odor.

GREASE TRAPS: Pour directly into sink or pipe closest to trap, typically at night. Flush down with a cup of lukewarm water. Use 4-5 oz. daily for traps less than 20 cu. ft. For larger traps, use 8-10 oz. daily.

PORTA-TOILETS: Directly add 1 gallon and cover the solids with water. Repeat each time toilet is pumped.

SEPTIC TANKS: Add 1 pint per 25 cu. ft. for initial treatment. Then use 8 oz. per week. Pour directly into toilet. If tank is clogged and odorous, add 1 gallon directly through tank manhole.

DRAIN LINES AND DOWN PIPES: Use 4 oz. for each 2 inches of pipe size 2-4 times weekly.

RECREATIONAL VEHICLES: Initially use 2 oz. per gallon of water. Maintain at 1 oz. per gallon of water. For use at a dump station, use 1 gallon per 50 gallons tank capacity. Maintain at 1 pint per week. CERTIFIED SALMONELLA AND E. COLI FREE

Note: This product is most effective between a pH range of 5.5 – 8.5. Ideal temperature range for maximum performance is 54° – 113°F; effective up to 212°F. Avoid extreme changes in either temperature, pH and wide shifts in either parameters over a short period of time. Colder temperatures lower the effectiveness of the product and there is no bacteria activity under 40°F.
