

# ELECTRO SOLV BULK #2616

## Electrical Equipment Safety Solvent

### Features:

- Dissolves grease and rinses away dirt and grime
- Non-flammable, non-conductive
- Contains no ozone-depleting chemicals or CFC's
- High dielectric strength of 36,200 volts
- No flash point
- No petroleum distillates
- Non-combustible, non-corrosive
- Contains an acceptable replacement for 1,1,1- Trichloroethane under the EPA SNAP program

### Description:

ELECTRO SOLV BULK is a concentrated solvent degreaser, which cleans motors, generators, starters, and other motorized equipment, even while in operation, due to its non-flammability and high dielectric strength. ELECTRO SOLV BULK dries virtually residue free in minutes and needs no rinsing. Contains an acceptable replacement for 1,1,1-Trichloroethane under the EPA SNAP program. This high-power spray dissolves grease and rinses away dirt and grime easily.

### Applications:

- Motors
- Generators
- Starters
- Refrigeration Parts
- Electrical Fans
- Automotive Parts
- Printing
- Diesel Engines
- Marine Equipment
- Power Tools
- Rotors
- Aircraft Parts
- Voltage Regulators
- Processing Equipment
- Heating and Air Conditioning Equipment

### Product Characteristics:

Physical State:	Liquid
Form:	Liquid
Odor:	No data available
Boiling Point:	Estimated 86.88°C
Vapor Pressure:	No data available
Water Solubility:	No data available
Relative Density:	No data available
Flash Point:	Not applicable
pH:	No data available
Storage:	Store locked up.
<b>Transport Information:</b>	
UN Number:	UN1710
Proper Shipping Name:	Trichloroethylene
Class:	6.1
Packing Group:	III

### DOT Placard:

Not available.

### Directions:

Saturate part to be cleaned. Wipe or allow to air dry. For heavily encrusted areas, brush, then rinse off with a second application. May remove some paints, pretesting is suggested.

**Note:** Energized equipment use only. Not to be used for motorized vehicle maintenance, or their parts.

**Caution:** Do not allow prolonged contact with aluminum, Plexiglas, polystyrene, and polycarbonates. Use with care on insulation, rubber and paints.

**Do not use on plastics.**

### Pictograms:

### Signal Word:

DANGER.

### Personal Protective Equipment Required:
