

EVERGREEN #2337

Industrial Strength Deodorant

Features:

- Attacks the source of the foul odor and neutralizes it instantly
- Highly concentrated
- Contains no petroleum distillates
- Leaves a lasting, pleasant, spearmint fragrance
- For most applications, a 4 part water and 1 part EVERGREEN deodorant is appropriate
- Acid free, caustic free and biodegradable

Description:

Loaded with quality ingredients, EVERGREEN is very effective as an odor control agent for a broad spectrum of malodors, instantly soluble in hot or cold water. It rapidly penetrates the source of malodors by a three way action: 1) deactivates the source, 2) neutralizes the malodor and 3) leaves a fresh, pleasant spearmint fragrance. Biodegradable and phosphate free. Use for odors caused by pets, food, smoke, garbage, sewage and other hard-to-penetrate smells.

Applications:

- Sewer Lines
- Floors
- Hard Surfaces
- Cafeterias
- Dumpsters
- Restrooms

For Use By:

- Industrial Plants
- Waste Water Treatment Plants
- Colleges/Universities
- Landfills
- Schools
- Veterinary Clinics
