

Floor Guard #3160

Disposable Mats for Urinals

Features:

- Reduces maintenance cost by eliminating the need for frequent mopping around urinals
- Keeps restrooms cleaner longer
- Antimicrobial treated mats are useful in tracking of urinal spills and odor caused by the bacterial breakdown of urine
- An embedded time monitor indicates when a new mat is necessary
- Mat measures 18"x18"

Description:

FLOOR GUARD is a disposable restroom floor mat designed and treated to control odors and protect floors from staining. The mat fits under urinals to capture urine spills and control accompanying odors. The nonwoven polypropylene face is treated with Tinosan[®], an antimicrobial agent that is safe, effective and controls odors. Resists staining even under heavy traffic.

Applications:

- Office Buildings
- Public Restrooms
- Health Care Providers
- Nursing Homes
- Colleges & Universities
- Municipalities
