

LEMON SOLV #2351

Quaternary Cleaner, Deodorizer and Disinfectant

Features:

- Superior germicidal and fungicidal
- EPA registered
- One step cleaner and disinfectant with pleasant lemon fragrance
- Safe to use on all washable surfaces
- Highly concentrated – 2.5 oz product per gallon dilution rate
- Biodegradable
- 3.34% active quaternary ammonium chlorides
- Food Processing Acceptability: A4

Description:

LEMON SOLV is a dual quaternary ammonium cleaner, deodorizer and disinfectant. It offers a broad spectrum of germicidal activity to combat both gram-positive and gram-negative bacteria. A special detergent system provides excellent wetting and penetrating action against all types of dirt and grime. As a liquid deodorizer, this product's effectiveness is unsurpassed. The lemon fragrance will tackle the most difficult deodorizing task from organic sources, such as body odor, rotten eggs, burnt meat, sewage renderings or decaying garbage.

Applications:

- Restrooms
- Hotels
- Hospitals
- Desks
- Daycare Centers
- Schools
- Kitchens
- Walls
- Sinks
- Counters
- Motels
- Nursing Homes
- Floors
- Locker Rooms
- Restaurants

Active Ingredients:

- n-Alkyl (60% C14, 30% C16, 5% C18) dimethyl benzyl ammonium chlorides 1.67%
- n-Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chlorides 1.67%

Product Characteristics:

Appearance:	Clear, liquid
Odor:	Lemon
Boiling Point:	>212°F
Vapor Pressure:	Not available
Flash Point:	None
Relative Density:	1.0
Evaporation Rate:	Not available
Solubility (water):	Complete
Specific Gravity:	0.98
pH:	9-10
Storage:	Store in a cool, dry area. Keep container closed when not in use. Keep out of reach of children.
Transport Information:	
Proper Shipping Name:	Not regulated
UN Number:	Not regulated
Class:	Not regulated
Packing Group:	Not regulated

Directions:

To disinfect hard surfaces such as walls, floors, and tabletops: Prepare a solution of 2½ ounces of concentrate per gallon of water. Can be applied with a mop, cloth, sponge or mechanical sprayer to wet all surfaces. Allow to remain wet for 10 minutes and then let air dry. For heavily soiled areas, a pre-cleaning step is recommended.
