

NATURAL AIR GEL #3362

All-Natural Odor Eliminating Gel

Features:

- Made with natural, non-toxic and biodegradable active ingredients
- Safe to use around people and animals
- No added fragrance
- Contains no alcohol
- Recognized for safer chemistry by the U.S. EPA's Safety Choice Program

Description:

NATURAL AIR GEL effectively removes both organic and inorganic malodors by chemically bonding with odor-causing molecules and eliminating them completely. It is made of completely natural ingredients: water, lime, pine needles, aniseed, clove and cedar wood. This continuous release formulation works around the clock to provide constant, 24/7 odor control. It is especially effective for combating persistent odor problems that may not be avoidable or correctable. It eliminates a broad spectrum of indoor odors, including those from smoking, body fluids, animals, food, garbage, mold, mildew, chemicals and paint. This product is acceptable for use in inedible product processing areas, non-processing areas, and/or exterior areas of official establishments operating under the Federal Meat, Poultry, Shell Egg Grading and Egg Products Inspection Programs provided that it is not used to mask odors resulting from insanitary conditions and that any characteristic odor or fragrance does not penetrate into an edible product area.

Applications:

- Schools
- Day Cares
- Health Clubs
- Nursing Homes
- Prisons
- Offices
- Hospitals
- Theaters
- Cafeterias
- Colleges/Universities
- Indoor Play Areas
- Hotels/Motels
- Restaurants
- Shopping Malls
- Rest Stops

Product Characteristics:

Appearance:	Semi-liquid/semi-solid slurry
Odor:	Slight citrus or floral odor
Color:	Milky white/opaque white
Boiling Point/Range:	~209°F (liquid component)
Freezing Point:	~32°F
Vapor Density:	Not available
Solubility:	Not readily soluble
Relative Density:	~0.97
Flash Point:	None
Viscosity:	Not applicable
Auto-Ignition Temp:	Not available
pH:	~5.9-7.0 (liquid component)
Transport Information:	
Proper Shipping Name:	Not regulated
UN Number:	Not regulated
Class:	Not regulated
Packing Group:	Not regulated

DOT Placard:
Not regulated.

VOC Compliancy:
Yes

Directions:

Natural Air Gel is activated by ambient airflow. Open jar and place in problem area. Gel will evaporate as it works. Replenish as needed. In ambient air flow, 8 ounce container will last 30 days. When there is more air movement, 8 ounce container will last 15-30 days. Ideal area for one gel container is 10x20 ft².

Can be placed near HVAC returns or vents to help the odor-eliminating molecules disperse throughout facilities.

Do not flush down drain or disposal.

Pictograms:

None.

Signal Word:

Not available.

Personal Protective Equipment Required:

None required.
