

NEUTRON #2410

Non-Aerosol Penetrant, Lubricant & Demoisurant

Features:

- Non-toxic
- Encapsulates and neutralizes the odor rather than just masking the odor with perfume
- Non-flammable
- Highly concentrated
- Biodegradable

Description:

NEUTRON is a powerful yet safe and cost effective odor neutralizer formulated to combat odor-producing compounds typically found in wastewater and industrial applications. It chemically alters the structure of the odor at the source.

Applications:

- Wastewater Treatment
- Landfills
- Septic Tanks
- Solid Waste Handling
- Factories
- Oil/Water Separators
- Compound Handling
- Food Processors
- Lift Stations

Product Characteristics:

Appearance:	Orange liquid
Odor:	Orange
Boiling Point:	Not available
Vapor Pressure:	Not available
Specific Gravity:	0.9
Water Solubility:	Complete
Vapor Density:	Not available
Flash Point:	None
pH:	7
VOC:	Nil
Boiling Range:	209°F
Viscosity:	Not available
Storage:	Store in a dry place. Store in a closed container. Store in a well-ventilated place. Keep cool.
Transport Information:	
Proper Shipping Name:	Not regulated.
UN Number:	Not regulated.
Class:	Not regulated.
Packing Group:	Not regulated.

Directions:

For atomization and waste additive applications: Dilute 1 part NEUTRON with 100 parts water. Make complete contact with the odor source. Avoid contact with strong oxidizing agents.
