- Air activated, instantly eliminates odors
- Perfect for municipalities where para is regulated.
- Long-lasting: block lasts 4 months
- 100% active ingredient no fillers!
- VOC Compliant
- Packed in a unique mesh hanger bag for convenient hanging

### Description

ODOR BLOCK is an environmentally friendly, non-para, long lasting deodorizer block. It is great for sewers, elevator shafts, dumpster areas, garbage collection areas, water treatment facilities, etc. ODOR BLOCK is made with 100% active ingredients and no fillers. This product complies with CARB and VOC regulations making it available for sale in all 50 states, North America, and Europe. ODOR BLOCK is a great odor solution for especially large, smelly areas. The ODOR BLOCK comes in a mesh hanging sack for easy installation.

### Applications

- elevator shafts
- dumpster areas
- manholes
- water treatment facilities
- sewers
- garbage collection areas
- bar screens
- drying beds

### Directions

The ODOR BLOCK comes in a mesh hanging sack for easy installation. Hang block by its mesh encasement in areas where foul odors need to be eliminated. For use outdoors or in very well-ventilated areas.
