Directions:

Thoroughly strip and rinse floors. Next, apply an optional sealer base to worn floors or high traffic floors to improve wear-resistance and enhance gloss. Then apply 2 to 4 finish coats in uniform thin coats, allowing time to dry thoroughly between coats. Allow for longer drying time in damp weather. To maintain, sweep as necessary, then damp mop or scrub lightly with a mild, neutral detergent. Spray buff or buff lightly with appropriate pad. Also excellent for high-speed buffing. In high traffic areas, recoat worn spots as necessary.
