### EMERGENCY OVERVIEW

- DANGER:** Show this safety data sheet to the doctor or medical contact in attendance. Immediate medical attention is required.
- EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and continue rinsing with eyes wide open for at least 15 minutes. Do not rub affected eyes; if irritation persists, obtain medical advice/attention.
- SKIN:** Wash hands or exposed skin with plenty of soap and water. If skin irritation, rash, or allergic reaction occurs, seek medical advice and/or treatment.
- INHALATION:**  
Not a normal route of exposure. Dust residues will increase the likelihood of inhalation exposure. Existing asthma may be irritated by known allergies. If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. If symptoms persist, call a physician or obtain medical attention.
- INGESTION:**  
Not a normal route of exposure. Remove any solid material from mouth or throat. Rinse mouth with water if conscious, alert, and not convulsing. DO NOT induce vomiting. Give plenty of water to drink. Contact a POISON CENTER/hospital/physician immediately for medical

advice or treatment.

**SKIN CONTACT:** Skin irritation, rash, itching, or burning sensation.

**EYE CONTACT:** Redness, watering, itching, or burning sensation of eyes.

**INGESTION:** Not a likely route of entry. May cause stomach distress resulting in nausea, vomiting, difficulty swallowing. A fragrant smell to breath.

**INDICATION OF IMMEDIATE MEDICAL ATTENTION OR SPECIAL TREATMENT NEEDED:**

If the above first aid measures are not successful, if there is any difficulty breathing, or generally feeling unwell, contact a POISON CENTER/hospital/physician for medical advice/attention immediately.

**NOTE TO PHYSICIAN:**

Treat symptomatically.
