SAFETY FIRST #3473

Anti-Slip Safety Absorbent

Features:

- Fast: immediately soaks up liquid polymers, moisture, grease, oil, water and other liquids
- Provides traction on wet, oily and even icy surfaces
- High powered: Absorbs up to 3 to 5 times more liquids than other similar products
- Environmentally safe: no harsh chemicals, no corrosive agents, non-flammable
- Improves safety
- Manufactured to meet or exceed the requirements of NIOSH with respect to respirable silica: has been tested by NIOSH method 7500 (x-ray diffraction) and is shown to contain <1% respirable silica
- Not detectable cristobalite
- Available in 400 lb drum and 40 lb pail

Description:

SAFETY FIRST begins absorbing liquid spills immediately upon contact. The high absorbency of this material means treated surfaces will stay drier longer. Regular use will not cause drains or sewers to clog. This natural earth product will not pollute lagoons, streams or lakes. Non-biodegradable, inert mineral in particulate form. Certified free of respirable silica. Exceeds EPA landfill disposal rules. Passes point filter and TCLP test. Absorbs up to 150% of its weight.

Applications:

- Meat and Poultry Plants
- Power Plants and Utilities
- Hospitals
- Refrigerated Trailers
- Bottling Plants
- Chemical Manufacturing
- Food and Processing Plants
- Shipping/Receiving Docks
- Universities/Colleges

Product Characteristics:

Appearance:	Gray powder
Odor:	Odorless
Boiling Point:	Not available
Vapor Pressure:	Not available
Specific Gravity:	2.2-2.4
Water Solubility:	Negligible
Vapor Density:	Not available
Flash Point:	Non-flammable
Melting Point:	2300°C
Storage:	Keep container dry and tightly closed and sealed until ready for use.
Transport Information:	
Proper Shipping Name:	Not regulated
UN Number:	Not regulated
Class:	Not regulated

DOT Placard:
Not regulated.

Directions:

Apply product on and around spill. Rub in with a stiff broom or shovel. Sweep up saturated product and reapply as needed to dry the floor. Remove saturated product immediately.
