Not regulated in quart bottles

Directions:

To Clean Toilets and Urinals: Remove water by forcing it over the trap with swab mop. Saturate swab with this product and wet all surfaces thoroughly. It is most important to swab under the rim of bowl or urinal to clean water outlets. Allow this product to remain for at least 10 minutes until all rust, scale, and stains are loosened. Rinse by flushing.

To Clean Sinks, Bathtubs, Shower Stalls, Drinking Fountains, Ceramic Tile Floors: Dilute one part of this product with two parts water and apply to wet all surfaces thoroughly with swab mop, sponge, brush or cloth. Allow to remain for at least 10 minutes. Rinse with water after cleaning.
