

SOLAR SHIELD II #1831

Aerosol Surface Protector and Restorer

Features:

- VOC compliant
- Watermelon scent
- No wiping required
- Excellent for hard to reach areas
- Leaves a clear, nonfoaming glossy shine
- Water resistant

Description:

SOLAR SHIELD II is more economical compared to higher priced coatings. It is fast acting and easy to use. Vinyl and plastic surfaces are renewed and illuminated for a brighter finish. No wiping necessary. The fine aerosol mist is ideal for hard-to-reach places to provide an even coat. SOLAR SHIELD II is a clear, foamless coating that leaves a water-resistant glossy shine.

Applications:

- A/C Ducts
- Boats
- Tires
- Plastic
- Bumpers
- Bumper Guards
- Body Moldings
- Engine Compartments
- Vinyl Interior & Tops

Product Characteristics:

Odor:	Watermelon
Lower Explosion Level:	1.8
Upper Explosion Level:	9.5
High Boiling Point:	610°F
Low Boiling Point:	0°F
Vapor Density:	Slower than ether
Solubility (water):	Nil
% VOC:	90.79658%
Density VOC:	5.30418 lb/gal
Flammability:	Flashpoint below 73°F
VOC Actual:	5.30418 lb/gal
VOC Actual:	635.60001 g/l
VOC Regulatory:	5.30418 lb/gal
VOC Regulatory:	635.60001 g/l
Density:	5.84183 lb/gal
Storage:	Keep cool. Store in a well-ventilated place. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.
Transport Information:	
Proper Shipping Name:	Consumer Commodity, ORM-D
UN Number:	Not available
Hazard Class/Division:	Not available
Packing Group:	Not available

Directions:

Shake well before using. Prepare surface by removing dirt, dust, oil and grease. Dry surface. Hold can 10" to 12" from surface. Use a stroking motion, apply two or more thin coats rather than one heavy coat. For best results, spray at 70°F to 80°F. Polish surface, if desired, using a soft cloth after allowing spray to dry a few minutes.

**Test spray on an inconspicuous area or scrap piece to check compatibility.*
