

Product Information Sheet

Features

- Quickly cuts through grease and oil
- Combines the power of citrus with the safety of soy
- Sprays on as a light mist for precision work
- 36,000 volt dielectric strength
- Spray on then wipe clean
- No chlorinated solvents or petroleum distillates

Description

FORCE is a blend of 100% organic solvents that couples the power of citrus with the safety of soy to rapidly cut through tough grease, oil and grime on hard surfaces without the hazards associated with chlorinated solvents or petroleum distillates. With its high dielectric strength, controlled mist delivery and mild citrus aroma, it is ideal for precision work in the shop, on the production floor or in the field while its high solvency provides the ability to handle tough grease, oil, grime, wax, ink and more, for less delicate applications.

Applications

- Industrial equipment
- Road building machinery
- Packaging equipment
- Metal parts
- Machinery
- Agricultural equipment
- Garbage trucks
- Tools
- Construction equipment
- Asphalt equipment
- HVAC equipment
- Oil field equipment

Directions

Spray onto surface from a distance of 8 to 10 inches and allow 1 to 3 minutes to penetrate through grease, oil and grime. Wipe clean or use second application to rinse surfaces and wipe dry. For heavily encrusted parts, agitate wetted surfaces with a brush prior to rinsing with a second application.

Note: Not intended for use on energized electrical equipment. Turn off and discharge stored power prior to use. Dry workpiece prior to restoring power.

Product Characteristics

DATA BELOW BASED ON AEROSOL CONCENTRATE ONLY:	
Appearance	Clear, light amber liquid
Fragrance	Citrus
Vapor Density (air=1)	>1
Solubility in Water	Insoluble
Specific Gravity (H2O=1@70°F)	0.86
Boiling Point	302°F
Flash Point (conc.)	115°F (T.O.C.)
pH	N/A
DATA BELOW BASED ON TOTAL CONTENTS:	
Total VOC%	47.05%
Vapor Pressure <small>(can: psig@72°F)</small>	80 psi
NFPA Code 30B Rating	Level 3 aerosol
Storage	Keep out of reach of children. Store in a cool, dry area away from heat or open flame. Do not store at temps above 120°F.
Transport information	
Class #	
NMFC	
Proper Shipping Name
