

Microfiber Cloths

Product Information Sheet

<u>BLUE MICROFIBER CLOTH</u>	<u>#434501</u>
<u>RED MICROFIBER CLOTH</u>	<u>#434601</u>
<u>GREEN MICROFIBER CLOTH</u>	<u>#434701</u>
<u>YELLOW MICROFIBER CLOTH</u>	<u>#434801</u>

Features

- Non-toxic- no harmful chemicals, fumes, or vapors
- Environmentally friendly- reusable and long-lasting, can be laundered over 500 times at 90°C using a standard detergent
- Allergen friendly- magnetically attracts dust, eliminates flying dust particles
- Ideal for stainless steel, counters, glass, porcelain, and more
- Ultra gentle- extremely fine microfiber leaves zero scratches, streaks, or marks
- Microfiber has 10x the surface area of normal fibers, creating a very high absorbency rate
- 16" x 16", 250 g. weight

Different color cloths allow for a color coded system, which prevents cross-contamination, assures employee safety, and provides a healthy environment.

The industry standard for color-coding is:

- **Green:** Cafeteria and Food Surface. Use in the following areas: food prep, counters, service areas, tables, dishwashing, vending areas. All non-porous surfaces.
- **Blue:** General Purpose. Use on windows, glass, mirrors and polished surfaces, electronics, countertops, furniture, doors and handles.
- **Red:** For restroom use. Use on toilets and urinals, bath stalls and doors, and toilet splash areas.
- **Yellow:** For restroom and breakroom use. Use on countertops, sinks, walls, partitions and dispensers.
