Liquid Deodorant Concentrate

Product Information Sheet

### Features

- Eliminates undesirable odors
- Non-toxic and biodegradable
- Leaves no residue
- Non-staining
- Highly concentrated
- Soluble in water

### Description

NEW AIR is a highly concentrated liquid deodorant. This energized deodorant is economical and easy to use. It can be sprayed into the air to eliminate undesirable odors, replacing odors from smoke, spoiled food, vomit, mold, mildew, and urine with a fresh floral scent. NEW AIR can be used as an additive to mop water or to carpet cleaning solutions to eliminate floor and carpet odors.

### Applications

- Hotels
- Residences
- Commercial Buildings
- Offices
- Automobiles
- Restaurants

### Directions

*General:* A drop or two in commodes, wash rooms, disposals, garbage cans, pet beds, air conditioners, filters, litter boxes, and other enclosed areas eliminates malodors and leaves a refreshing aroma.

*Carpets:* A small amount eliminates odors and leaves a pleasant aroma. For carpet cleaning, add two oz. per gallon of shampoo solution. This product eliminates odors associated with urine, vomit, smoke, and mildew.

*Laundry rooms:* A small amount of concentrate added to the wash water deodorizes a large load of laundry against offensive odors.

*Mop Bucket or Automatic Scrubber:* One (1) ounce per gallon of scrub water eliminates undesirable odors.

*Used Cars:* A squirt of this product in old cars will eliminate musty odors and beverage smell.
