

Odor Away

#2356

Mix Right System Concentrated Water-Soluble Deodorant - #3

Product Information Sheet

Features

- Strong floral scent
- Proprietary packaging for use with the Mix Right System
- For use in carpet shampooing equipment and other cleaning applications
- Eliminates odors caused by a variety of sources, such as decomposition, pets, vomit, food, smoke damage, etc.

Description

ODOR AWAY is a concentrated, water-soluble odor neutralizer for use with the Pro Chem MIX RIGHT system, which ensures dilution rates are controlled and easily dispenses the solution. ODOR AWAY can be used in carpet shampooing equipment as well as a spray for other applications. It eliminates odors from a variety of sources, such as those caused by decomposition, pets, vomit, food, smoke damage, etc.

Applications

- Hospitals
- Schools
- Industrial plants
- Nursing homes
- Buses
- Trains
- Veterinary centers
- Airplanes
- Restrooms

Directions

Dilution Rate: 1:64

Follow directions for dispensing the proper diluted solution with the MIX RIGHT dispensing system.

Hospitals, Nursing Homes, Veterinary Centers, Schools, Industrial Plants, Etc: To eliminate the odors caused by decomposition, urine, pet droppings, vomit, fecal matter or blood, from bed pans, urinals, carpets, floors, walls, sinks, and drains, spray solution on the surface or on sponge, and rinse. For floors, walls, and carpets, solution may be used with soap or detergent.

Cleaning, General Purpose: Will effectively eliminate odor from food spills, pets, industrial water, toilet backups, garbage, locker rooms, laundry rooms and carts, etc. Use as a spray on top of full garbage cans, in wash down areas and waste receptacles. Excellent for overcoming smoke odors from fires.

Air Freshening: To eliminate odors of smoke, beer, and alcohol, spray room liberally. Repeat every four hours.

Buses, Trains, Airplanes: Spray solution around galley. Spray solution directly on vomit and surrounding area.

Restrooms: Spray solution on porcelain and tile surfaces or on sponge, and rinse.

Product Characteristics

Appearance	Clear, colorless liquid
Fragrance	Floral
Specific Gravity (H ₂ O=1)	0.962
Vapor Density (Air=1)	N/E
pH Concentrate	7.0
Solubility in Water	Complete
Boiling Point	>150°F
Vapor Pressure (mmHg)	N/E
Evaporation Rate (butyl acetate=1)	N/E
Flash Point (method used)	83°F (T.O.C.)
Storage	Store in a cool, dry place. Keep container closed when not in use. Keep out of reach of children.
