

# Pro Glow

# #1265

## Aerosol Automotive Buffing Detailer and Wax

Product Information Sheet

### Features

- Easy to apply – just spray on and wipe in circular motion until gloss appears
- Can be applied to wet or dry surfaces
- Clear coat and gel coat safe
- No scratching, swirl marks, or powder residue
- Contains no CFC's
- Superior leveling and depth of gloss
- Fortified with polymer additives

### Description

Formulated with a high content of synthetic waxes and polymer additives, PRO GLOW is a high quality detailer and wax for use on car exteriors. It can be used on any non-porous surface paint, smooth plastics, glass, mirrors, fiber glass, and polished metals (chrome, silver, gold). Because it is water-based, it can be applied even when the surface is still wet, and is excellent at removing water spots.

### Applications

- Cars/ Trucks
- RVs
- Boats
- Motorcycles
- Vans
- Fork lifts
- Alloy wheels
- Painted bumpers
- Fiberglass

### Directions

You may wash first if desired, no need to dry prior to application of this product. Shake can vigorously before each use. Apply in shaded area for best results. Spray a light coat, and use a terry cloth to gently rub in a circular motion until gloss appears.

### Product Specifications

Data Below Based on Aerosol Concentrate Only:	
Appearance	Opaque, off-white liquid
Odor	Strawberry
Vapor Density (Air=1)	.8916 g/cm <sup>3</sup>
Specific Gravity (H2O=1) @70°F	0.937
Solubility in Water	Partial
pH	9-10
Flash Point (Conc.)	None to boiling (TOC)
Data Below Based on Total Contents	
Vapor Pressure of can (psig @72°F)	50-70
Boiling Point	249.8° F
Total VOC %	6.12%
NFPA CODE 30B RATING	Level 1 aerosol
Storage	Store in a cool, dry area away from heat or open flame. Do not store at temperatures above 120°F.
Transportation information	
Proper Shipping Name	Aerosols
Hazard Class	2.1

Health	1
Flammability	2
Physical Hazard	0
Personal Protection	X
