- Food Processing Acceptability: C1

Description

These uniquely designed rim cages provide a continual blue cleaning solution that leaves the surrounding area smelling fresh. With its unique “after-flow” holder, RING AWAY releases the cleaner, deodorizer and fragrance as the toilet bowl refills without running down the side of the bowl or streaking. RING AWAY also contains enzyme-producing, odor-eating biocultures that digest organic material and keep drains running freely.

Applications

- Rings
- Streaking
- Odor

Directions

Place the rod in rod holder. Hang holder on rim of toilet in area that will receive maximum water flow over the cage when toilet is flushed.
