

Aerosol Solvent Cleaner and Degreaser

### Features

- All ingredients are organic and biodegradable
- No chlorinated or fluorinated solvents
- No petroleum distillates
- Excellent degreasing power
- Non-conductive to 18,000 volts
- Citrus and soy solvent-based
- Great on asphaltic residues
- Environmentally preferable formula
- Food Processing Acceptability: K1

### Description

SKIDOO is a highly concentrated, all-natural, organic and biodegradable solvent blend that easily removes grease, oil, grime, and adhesives from metallic and non-metallic surfaces, including most plastics. This formula is ideally suited for cleaning and degreasing machinery, equipment, engines and electric motors without the use of ozone-depleting chlorinated solvents. The product is appropriate for use as a degreaser in non-processing areas of official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs. The use of this product is limited to non-processing areas such as that there is no possibility that solvent vapors may enter processing areas. All food processing equipment or utensils that are in contact with this product must be washed with an acceptable detergent preparation, and thoroughly rinsed with potable water before returning to a processing area.

### Applications

- Machinery
- Electric motors
- Equipment
- Engines

### Directions

Remove cap and generously spray area to be cleaned until completely wet. Allow solvent to work for one minute, then wipe or rinse with a second spray. On heavily encrusted areas, use a brush. Always test on an inconspicuous area before using.

**NOTE: DO NOT USE ON LIVE ELECTRICAL MOTORS OR CIRCUITS. ALWAYS DISCONNECT ELECTRICAL POWER BEFORE USE.**

### Product Specifications

Appearance	Clear straw liquid
Odor	Citrus
Evaporation Rate	Not available
Boiling Point	Not available
Solubility in Water	Negligible
Vapor Pressure	Not available
Vapor Density	Not available
Specific Gravity (concentrate only)	0.874
Flash Point	Not available.
Percent Volatile, wt. %	Not available.
VOC content, wt. %	45% (US federal/CARB/OTC/LADCO)
Storage	Keep out of reach of children. Keep container in a well-ventilated area under 120°F.
Transportation information	
Class #	55
Proper Shipping Name	Consumer Commodity, ORM-d
NFMC	48580-3
