

SUPER SHINE #2268

Concentrated, Free-Rinsing Car and Truck Wash Detergent

Features:

- Highly concentrated: Dilutes 1:30 with water for car wash machines and 1:42 for hand washing
- Water repellent surface helps to repel dust
- Will not dull or water spot
- Biodegradable
- Solvent free
- Non-caustic
- Phosphate free
- Cost effective

Description:

SUPER SHINE is manufactured from special synthetic detergents and wetting agents to remove dirt, dust, grime and road film from automotive finishes quickly and economically, leaving a super shine. It contains no film forming soaps. It will not dull or water spot, even on chrome surfaces. It is so concentrated that as little as three ounces per gallon of water gives gobs of active suds that clean thoroughly and rinse freely.

Applications:

- Cars
- Wheels
- Trucks/Buses
- Tires

Product Characteristics:

Physical State:	Liquid

Form:	Green/thick/clear
Boiling Range:	212°F
Specific Gravity:	1.01
Solubility (water):	Complete
pH:	8.5-9.5
Flash Point:	Not available
Viscosity:	Not available
Storage:	Store in a dry place. Store in a closed container. Store in a well-ventilated place. Keep cool.
Transport Information:	
UN Number:	Not available
Proper Shipping Name:	Not available
Class:	Non-hazardous
Packing Group:	Not available

Directions:

For Car Wash Machines:

Concentrate can be used in car washing machines by following the dispensing instructions recommended by the machine manufacturer.

For Hand Washing:

Remove loose dirt, dust and grime by pre-rinsing car. Dilute 3 ounces of concentrate to 1 gallon of water. Wash with cloth or brush. Excessively soiled areas may have to be rubbed until clean. Rinse thoroughly with clean water. Do not let solution dry on car.
