

Maintenance Sampler Pack #146801

Maintain your machines with these specialty products! Kit contains 3 aerosol cans of each product.

Start by lubricating and protecting your machines with **4-N-1**, then grease up your open gears with **Grease Gun X-tra** and lubricate your wire ropes and fittings with **Lub-All**. When everything is running smoothly, clean your engines and electric motors with **Skidoo** for that factory-new feeling!

4-N-1

Aerosol Penetrant, Lubricant & Demoisturant
A high dielectric, non-flammable spray that forms a non-drying, invisible film that prevents moisture-induced deterioration and malfunctions and protects against industrial and atmospheric pollution, dust, abrasive matter and chemical fumes. It creeps along surfaces and into cracks to lubricate, prevent rust, and loosen frozen parts.

Skidoo

Aerosol Solvent Cleaner and Degreaser
A highly concentrated, all-natural, organic and biodegradable solvent blend that easily removes grease, oil, grime, and adhesives from metallic and non-metallic surfaces, including most plastics. This formula is ideally suited for cleaning and degreasing machinery, equipment, engines and electric motors without the use of ozone-depleting chlorinated solvents.

Lub-All

Aerosol Gelled Penetrating Lubricant
A transparent, high pressure lubricant with high adhesive strength. It adheres to surfaces and resists throw-off and squeeze out when subjected to high pressures, vibrations, or repeated impact. Made from a unique combination of natural and synthetic lubrication agents coupled with PTFE. Will withstand temperatures of -30°F to over 600°F.

Grease Gun X-tra

Aerosol Heavy-Duty Grease
A premium grade, multipurpose, lithium red grease with superior performance. Completely waterproof, resistant to chemical breakdown, protects against rust, withstands extreme load pressures and has excellent temperature and viscosity stability from -60°F up to +500°F. It sprays as a liquid to flush off old contaminated lubricant, creeps deeply into working parts, then sets up to a viscous, thick grease.
