PRODUCT CERTIFICATIONS

Green Seal

- Third-party certifier of “Green” Products
- Covers select categories such as Maintenance Cleaners, Household Cleaners, Powdered Bleach, Floor Care Products, etc.
- Reviews Ingredient Toxicology for Oral & Acute Exposure
- Reviews packaging and label requirements
- Authority to audit the manufacturing facility where product is certified to ensure compliance with Green Seal Standards

Safer Choice

- The Environmental Protection Agency’s program to certify safer chemical products
- Managed by the OPPT (Office of Pollution Prevention & Toxics)
- Focuses on raw material suppliers and formulators
- Covers the most chemical categories
- Reviews Ingredient Toxicology, including Respiratory & Dermal Sensitivity, Chronic Health Effects, Bioaccumulation, etc.
- Works toward “Continuous Improvement” of standards
- Product formulas submitted and reviewed by NSF International, an independent third-party non-profit public health entity

PRODUCT HIGHLIGHT: ENVIRO SOLUTION

Enviro Solution

Surface Remediation Cleaner

- Neutral pH, non-corrosive, non-hazardous
- Chemically transforms a variety of oils and oil byproducts into CO₂ and water
- Removes stains and dries quickly and residue free

Enviro Solution Aerosol

Aerosol Microbe-Powered Foaming Cleaner and Degreaser

- Neutral pH, no VOCs, non-flammable
- Foaming formula is easy to apply and results in more contact time for better cleaning
- Removes stains and dries quickly and residue free

PRODUCT HIGHLIGHT: POWER POUCH SYSTEM

The Power Pouch System offers ready-to-dilute, portion controlled packaging that reduces cost and labor by reducing packaging and dilution errors.

Power Pouch Degreaser

- Non-flammable, medium-sudsing industrial cleaner, ideal for heavy-duty cleaning.

Power Pouch Neutral Cleaner

- Mild concentrated pH neutral floor cleaner designed for mopping floors and for cleaning all washable surfaces.
