

EXTRA #2137

Hi-Tech Professional Hand Cleaner

Features:

- Silicone free, solvent free
- Contains inorganic micrograin scrubbers
- No greasy residue
- Fortified with 8 skin care ingredients
- Environmentally friendly
- Contains dibasic esters

Description:

EXTRA contains dibasic esters, which are formulated to safely and effectively remove paints, inks, adhesives, lacquers, and sealants. This environmentally friendly, solvent-free formula contains micrograin scrubbers that provide extra cleansing power without harming the skin. Fortified with eight skin care ingredients including glycerin, PEG-7 glyceryl cocoate, aloe vera, jojoba, wheat germ extract, and vitamins B5, C and E, this hand cleaner not only attacks the toughest soils, it is a deep-penetrating moisturizer, which contributes to healthy hands. Vitamins B5, C and E help protect the skin from UV-related damage, improve elasticity, while leaving the skin smooth and moisturized.

Applications:

- Ink
- Sealants
- Adhesives
- Paint
- Lacquers
- Putty

Solutions:

Perfect for anyone who works with these materials including:

- Auto Body Paint Shops
- Painting Industries
- Construction Companies
- DOT
- Printing Industries
- Municipalities

Product Characteristics:

Appearance:	Gray
Odor:	Lavender
pH:	6
Boiling Point:	100°C/212°F
Freezing Point:	32°F (0°C)
Evaporation Rate:	Not determined.
Vapor Pressure @ 20°C:	Not determined.
Solubility in Water:	Soluble (liquid portion)
VOC Contribution:	0% by weight
Specific Gravity:	1.0
Melting Point:	Not determined.
Vapor Density @20°C:	Not determined.
Flash Point:	>200°F/>93°C
Storage:	Store in a cool, dry location out of direct sunlight.
Transport Information:	
Proper Shipping Name:	Unregulated.
UN Number:	Unregulated.
Class:	Unregulated.
