

# SLIME TAB 180 #3419

## Air Conditioning Condensate Pan Protector

### Features:

- 100% biodegradable
- Plates pan for a positive, prolonged cleaning action
- Will not move and block drain lines
- Controls growth of germs, fungi, bacteria, slime and black algae
- Stops overflowing drain pans and opens clogged drain lines
- Lasts up to 6 months
- Convenient, premeasured tablet
- Computer room safe
- EPA registered

### Description:

SLIME TAB 180 tablets are safe and easy to use. They are premeasured to treat a 3-ton AC unit for up to 6 months. This product plates the condenser pan for a prolonged cleaning action and eliminates unpleasant odors caused by stale water. The tablets start working immediately for continual control of germs, fungi, bacteria, slime and black algae. Formulated with the compound AT-8 and Invisio-Guard, these tablets open clogged drain lines to prevent pans from overflowing, preventing costly repairs.

### Applications:

- Drain Pans
- Commercial Refrigerators
- Fan Coils
- Vending Machines
- AC Units
- Walk in Coolers

### For Use By:

- Hospitals
- Schools
- Colleges/Universities
- Commercial Kitchens
- Nursing Homes
- Hotels/Motels
- Building Maintenance
- Apartment Buildings
- Housing Authorities
- Correctional Facilities
- HVAC Repair Companies
- Beverage Distributors

### Product Characteristics:

Appearance:	Crystalline, buff white tablet
Odor:	Fresh
pH:	7.0-8.5
Specific Gravity:	0.6 lb/gal
Solubility:	Complete
Flash Point:	>201°F PMCC
Evaporation Rate:	<1
Melting Point:	>250°F
Storage:	Keep out of reach of children. Store in a dry place. Avoid freezing or excessive heat.
<b>Transport Information:</b>	
Proper Shipping Name:	Refer to label.
UN Number:	Refer to label.
Class:	Refer to label.

### DOT Placard:

None.

### Directions:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Initially, in order to clean out heavy accumulations, use at least two SLIME TAB 180 tablets for each 3 tons. Thereafter, merely place one tablet for each 3 tons. Position the SLIME TAB 180 tablet so that moisture drips on or runs over the tablet, plating the pan for up to 180 days of positive prolonged cleaning action. For larger units, repeat the above dosage, including the initial application for each 3 tons.

### Personal Protective Equipment Required:

# SAFETY DATA SHEET

## 1. Product and Company Identification

<b>PRODUCT NUMBER:</b>	3419	<b>COMPANY PHONE:</b>	1-800-241-8180
<b>PRODUCT NAME:</b>	SLIME TAB 180	<b>EMERGENCY TELEPHONE:</b>	1-800-241-8180
<b>PRODUCT DESCRIPTION:</b>	Air Conditioning Condensate Pan Protector	<b>INFOTRAC:</b>	1-800-535-5053
<b>COMPANY INFORMATION:</b>	<b>PRO CHEM, INC.</b> 1475 Bluegrass Lakes Parkway Alpharetta, GA 30004		

## 2. Hazards Identification

**GHS CLASSIFICATION:**  
Acute Toxicity: Category 4  
Skin Corrosion/Irritation: Category 1B  
Eye Corrosion/Irritation: Category 1

**SIGNAL WORD:**  
**DANGER**

**SYMBOL:**

### HAZARD STATEMENTS:

Harmful if swallowed.  
Causes severe skin burns and eye damage.

### PRECAUTIONARY STATEMENTS:

**Prevention:**

Wash skin thoroughly after handling.  
Wear eye protection/face protection/protective gloves.

**Response:**

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician if you feel unwell.  
IF ON SKIN: Brush beads off of skin then rinse skin with water. Wash contaminated clothing before reuse.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

### POTENTIAL HEALTH EFFECTS – CARCINOGENICITY:

IARC: No component of this product is identified as probable, possible or confirmed human carcinogen by IARC.  
ACGIH: No component of this product is identified as a carcinogen or potential carcinogen by ACGIH.  
OSHA: No component of this product is identified as a carcinogen or potential carcinogen by OSHA.  
NTP: No component of this product is identified as a known or anticipated carcinogen by NTP.

## 3. Composition / Information on Ingredients

Chemical Name	CAS	Concentration % by Weight
Alkyl (60% C14, 30% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chloride	68391-01-5	<40
Urea	57-13-6	Trade Secret
Other components below reportable levels		Trade Secret

## 4. First Aid Measures

### EMERGENCY OVERVIEW

**GENERAL:** Move out of dangerous area. Show this safety sheet to the doctor in attendance. Do not leave victim unattended.

**EYES:** Protect unharmed eye. Remove contact lenses. Immediately flush eye(s) with plenty of water for at least 15 minutes. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist.

**SKIN:** Wash skin thoroughly with soap and water. If on clothes, remove clothes. If skin irritation persists, call a physician.

### INHALATION:

If unconscious, place in recovery position and seek medical advice. If symptoms persist, call a physician.

### INGESTION:

Keep respiratory tract clear. Never give anything by mouth to an unconscious person. Clean mouth with water first and then drink plenty of water. Do not give milk or alcoholic beverages. DO NOT induce vomiting unless directed to do so by a physician or poison control center. If symptoms persist, call a physician.

### NOTE TO PHYSICIAN:

If the product is ingested, probably mucosal damage may contraindicate the use of gastric lavage. Treat the affect person appropriately.

## 5. Fire-Fighting Measures

### SUITABLE FIRE EXTINGUISHING MEDIA:

Water spray, foam, dry agent (carbon dioxide, dry chemical powder).

### UNSUITABLE FIRE EXTINGUISHING MEDIA:

None known.

### HAZARDOUS THERMAL DECOMPOSITION PRODUCTS:

Decomposition product may include the following materials: carbon dioxide, carbon monoxide, nitrogen oxide, and smoke.

### SPECIFIC FIRE-FIGHTING METHODS:

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Dike the area of fire to prevent runoff.

### SPECIAL PROTECTIVE EQUIPMENT FOR FIREFIGHTERS:

Self-contained breathing apparatus and full protective clothing must be worn in case of fire. No unusual fire or explosion hazards noted.

## 6. Accidental Release Measures

### PERSONAL PRECAUTIONS:

Initiate company's spill response procedures. Keep people out of area. Put on appropriate personal protective equipment (see Section 8). Do not walk through spilled material. Surface may be slippery after spillage.

### ENVIRONMENTAL PRECAUTIONS:

Avoid contact of spilled material and runoff with soil and surface waterways.

### METHODS & MATERIALS FOR CONTAINMENT & CLEAN-UP:

Sweep beads into dust pan. Rinse area with water. Properly dispose of in accordance with local, state, and federal regulations.

## 7. Handling and Storage

### SAFE HANDLING:

Do not ingest. Do not get in eyes, on skin, or on clothing. Keep container closed. Wash hands thoroughly after use. As with all chemicals, good industrial hygiene practices should be followed when handling this material.

### SAFE STORAGE & INCOMPATIBILITIES:

Keep out of reach of children. Store in a dry place. Avoid freezing or excessive heat. Store in the original tightly closed container.

## 8. Exposure Controls / Personal Protection

### OCCUPATIONAL LIMITS:

No exposure limits noted for ingredient(s).

### BIOLOGICAL LIMITS:

No exposure limits noted for ingredient(s).

### PERSONAL PROTECTIVE EQUIPMENT:

**Eye/Face Protection:** Wear protective glasses or goggles if splashing or spray-back is likely.

**Skin Protection:** Wear protective gloves. Wear suitable protective clothing.

**Respiratory Protection:** Use in well-ventilated areas.

**General Hygiene Considerations:** Always wash hands after handling chemical products, and before smoking, eating, drinking or using the toilet. Wash protective equipment before storage and reuse.

### ENGINEERING CONTROLS:

Ensure adequate ventilation.

## 9. Physical & Chemical Properties

<b>Appearance:</b>		<b>Evaporation Rate:</b>	<1
<b>Physical State:</b>	Crystalline.	<b>Specific Gravity:</b>	0.6 lb/gal
<b>Form:</b>	Tablet.	<b>Solubility (water):</b>	Complete.
<b>Color:</b>	Buff white.	<b>Freezing Point:</b>	N/A
<b>Odor:</b>	Fresh.	<b>Melting Point:</b>	>250°F
<b>pH:</b>	7.0-8.5	<b>Flash Point:</b>	>201°F PMCC

## 10. Stability & Reactivity Information

### REACTIVITY:

Non-reactive under normal conditions of use, storage and transport.

### CHEMICAL STABILITY:

Material is stable under normal conditions.

### HAZARDOUS REACTIONS:

No dangerous reaction known under conditions of normal use.

### INCOMPATIBLE MATERIALS:

Strong oxidizing agents. Anionic surfactants.

### CONDITIONS TO AVOID:

Avoid temperatures exceeding the flash point. Contact with incompatible materials.

### HAZARDOUS DECOMPOSITION:

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## 11. Toxicological Information

### PRIMARY ROUTE OF ENTRY:

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may arise if the product is mishandled and overexposure occurs are:

### SYMPTOMS:

**Eyes:** Adverse symptoms may include pain, watering and redness.

**Skin:** Adverse symptoms may include pain or irritation and redness.

**Inhalation:** Adverse symptoms may include respiratory tract irritation and coughing.

**Ingestion:** Adverse symptoms may include stomach pains.

### ACUTE TOXICITY:

**Eye Contact:** May cause serious eye damage.

**Skin Contact:** May cause skin irritation and possible burns.

**Inhalation:** May cause respiratory irritation.

**Ingestion:** Harmful if swallowed. May cause burns to mouth, throat and stomach.

### SKIN SENSITIZATION:

This product is not expected to cause skin sensitization.

### CARCINOGENICITY:

Not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

**REPRODUCTIVE TOXICITY:**  
Product is not expected to cause reproductive or development effects.

**TARGET ORGAN TOXICITY:**  
May cause damage to organs.

**ASPIRATION HAZARD:**  
Not likely, due to the form of this product.

**NOTE:** Product not listed under US OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) or CERCLA Hazardous Substance List (40 CFR 302.4)

**12. Ecological Information**

**ECOTOXICITY:**  
No information available.

**DEGRADABILITY:**  
No information available.

**BIOACCUMULATIVE:**  
No information available.

**MOBILITY IN SOIL:**  
No information available.

**OTHER ADVERSE EFFECTS:**  
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this product.

**13. Disposal Consideration**

**DISPOSAL INSTRUCTIONS:**  
Dispose in accordance with all applicable regulations.

**CONTAMINATED PACKAGING:**  
Empty containers should be taken to an approved waste-handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

**14. Transportation Information**

**DOT PROPER SHIPPING NAME:**  
Certain shipping modes or package sizes may have exceptions from the transport regulations. Therefore, refer to bill of lading or container label for DOT or other transportation hazard warning or classification, if any.

**15. Regulatory Information**

**US FEDERAL REGULATIONS:**  
This product is a U.S. EPA registered product. This product is regulated under the United States Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

**PESTICIDE LABELING INFORMATION REQUIRED UNDER U.S. FIFRA REGULATIONS:**  
This chemical is a pesticide product registered by the Environmental Protection Agency (EPA) and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label: DANGER, corrosive, causes irreversible eye damage, causes skin burns and harmful if swallowed.

**SUPERFUND AMENDMENTS AND REAUTHORIZATION ACT OF 1886 (SARA):**  
**SARA 304 (Extremely Hazardous):** This material does not contain any components with a Section 304 Extremely Hazardous Substances Reportable Quantity.  
**SARA 311/212 Hazards:** Acute Health Hazard.  
**SARA 302:** No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.  
**SARA 313:** This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.  
**Safe Drinking Water Act (SDWA):** Not regulated.  
**State Regulations: California Proposition 65:** This product does not contain a listed substance known to the State of California to cause cancer, birth defects or other reproductive harm, at levels which would require a warning under the statute.

**16. Other Information**

**DISCLAIMER:**  
To the best of our knowledge, information contained herein is accurate. However, there is no assumption of liability for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazard, which exists. The information contained in this SDS was obtained from current and reliable sources; however, the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions or handling, storage and disposal of this product are beyond the control of the manufacturer, the manufacturer will not be responsible for loss, injury, or expense arising out of the products improper use. No warranty, expressed or inferred, regarding the product described in this SDS shall be created or inferred by any statement in this SDS. Various government agencies may have specific regulations regarding the transportation, handling, storage, use, or disposal of this product, which may not be covered by this SDS. The user is responsible for full compliance.

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with it's labeling. Initially, in order to clean out heavy accumulations, use at least two SLIME TAB 180 AT-8™ condensate drain pan tablets for each 3 tons. Thereafter, merely place one tablet for each 3 tons. Position the SLIME TAB 180 AT-8™ so that moisture drips on or runs over the tablet, plating the pan for up to 180 days of positive prolonged cleaning action. For larger units, repeat the above dosage, including the initial application for each 3 tons.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide is a violation of federal law. If these wastes cannot be disposed of according to label instructions, contact your state pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidelines.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal.

CONTAINER DISPOSAL: Do not reuse empty container, Wrap container and put in trash.

FIRST AID	
IF INHALED	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth. Call a poison control center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING	Take off contaminated clothes. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for further treatment advice.
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED	Call a poison control center or doctor for further treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.	
HOT LINE NUMBER: For medical questions, emergencies or accidents involving this product call: (800) 222-1222. Have the product container or label with you when calling a poison control center or doctor.	

SLIME TAB 180 with AT-8™ tablets eliminates maintenance problems such as odors, overflows and water damage caused by plugging drains. SLIME TAB 180 AT-8™ tablets are easy to use, do not form any deposits in the pan or drain and are completely soluble. SLIME TAB 180 AT-8™ tablets prevent, stop and clean the algae (black), fungi and slime thereby eliminating odors caused by these organisms.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

DANGER: Keep out of reach of children. Causes severe eye and skin damage. Do not get in eyes, on skin or clothing. Harmful if swallowed. Wear face shield or goggles and rubber gloves when handling. In case of contact, flush with water. For eyes, flush with water and get medical attention.

NON-WARRANTY: All data, statements and recommendations contained herein are based on the best information available and are believed to be reliable. However, no warranty either expressed or implied is made concerning the application of this product since the customers' use of this product cannot be controlled.
