Smart Foam #1139
Aerosol Foam Hand Cleaner

Features:
- Lowest cost per hand wash – up to 2,000 hand washes per cartridge
- Customizable volume dispensing from 0.2 ml to 1.5 ml
- Minimal packaging reduces storage space needed
- Up to 6x more concentrated
- New nozzle and valve with every cartridge
- Cartridge empties 100% for no waste
- Light sensor minimizes energy consumption

Description:
SMART FOAM’s revolutionary bag-on-valve, instant-foam technology converts highly concentrated soap into a rich, firm foam with a high cleansing action. The tin cartridge contains a laminated bag that is attached to a valve, nozzle and cap. Pure air is injected between the can and the bag before the bag is filled with soap, giving this product a high pressure that causes the bag to empty completely. The cartridge allows you to adjust the amount of product dispensed per dose so you can tailor the amount dispensed to your specific needs. The recyclable cartridges snap into the dispenser easily.

Applications:
- Schools
- Municipalities
- Industrial Plants
- Offices
