

# Smart Foam Dispenser #4119

Touchless Foam Soap Dispenser

## Description:

Pro Chem introduces this revolutionary new soap and dispensing system that is sure to become a must have in every restroom. This dispenser saves money, has sensors for a long battery life and indicator lights for both low batteries and low soap. It takes the guesswork out of dispensers. The SMART FOAM DISPENSER allows you to set the soap dosage from 0.2 ml to 1.5 ml. Once set, you can then lock the dispenser.

## Features:

- Revolutionary Bag-on-Valve system
- Exclusively touch free
- Sensor with 2-second delay
- Touch-free sensor delivers the precise amount of product every time
- Switches off in the dark to extend battery life
- Dispenser is lockable
- Uses pure air to build up pressure
- Indicator for battery and soap life
