

ORANGE AWAY #1646

Aerosol All-Natural Solvent Cleaner

Features:

- All-natural and biodegradable
- Uses no petroleum distillates
- 80% d-limonene, which is a powerful solvent made from orange peel extracts
- Leaves behind a fresh, orange scent as it cleans
- Contains the power and versatility of a solvent cleaner with the convenience and ease of an aerosol
- Removes heavy-duty buildup
- VOC compliant

Description:

ORANGE AWAY is a powerful, natural cleaner that easily cleans the heaviest of buildups from a variety of surfaces. It is made with d-limonene, which is made from natural orange peel extracts. It combines the power and versatility of a multipurpose solvent cleaner with the ease of an aerosol.

Applications:

This powerful solvent quickly and powerfully lifts buildup off many surfaces and allows it to be easily rinsed away with water. ORANGE AWAY can be used to clean:

- Shop Floors
- Machinery
- Work Benches
- Deodorizes
- Tools
- Spots/Stains

Product Characteristics:

Appearance:	Aerosol
Odor:	Citrus scent
Vapor Pressure:	30 – 45 psig @ 70°F (estimated)
Specific Gravity:	0.7583 g/ml (estimated)
Solubility:	No data available
Flash Point:	-104.44°C Propellant (estimated)
VOC:	>90%
Density:	0.7583 g/ml (estimated)
Viscosity, kinematic:	<20 cSt
Storage:	Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°F/122°F.
Transport Information (DOT):	
Proper Shipping Name:	Aerosols flammable, (each not exceeding 1 L capacity).
UN Number:	UN1950
Class:	2.1

Directions:

Spray directly onto surface. Allow to work for 30 seconds. Flush away loosened deposits with water. On fabrics and plastics, test in an inconspicuous area before using.
