

NATURAL AIR

NATURAL ODOR ELIMINATOR

PRO
CHEM

Destroy odor on a molecular level.

NATURAL AIR chemically bonds with odor causing molecules and eliminates them completely without leaving a fragrance. In fact, the only thing left behind is the sweet smell of nothing at all.

NATURAL AIR GEL #3362 and **NATURAL AIR SPRAY #2363** effectively removes both organic and inorganic malodors by chemically bonding with odor-causing molecules and eliminating them completely. Both are made of completely natural ingredients: water, lime, pine needles, aniseed, clove and cedarwood.

NATURAL AIR GEL #3362 works around the clock to provide constant, 24/7 odor control. It is especially effective for combating persistent odor problems that may not be avoidable or correctable. It eliminates a broad spectrum of indoor odors, including those from smoking, body fluids, animals, food, garbage, mold, mildew, chemicals and paint.

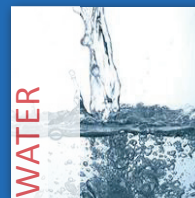

NATURAL AIR SPRAY #2363 is a ready-to-use spray that eliminates a broad spectrum of indoor odors, including those from smoking, body fluids, animals, food, garbage, mold, mildew, chemicals and paint. This product is acceptable for use in inedible product processing areas, nonprocessing areas, and/or exterior areas of official establishments operating under the federal meat, poultry, shell egg grading and egg products inspection programs provided that it is not used to mask odors resulting from insanitary conditions and that any characteristic odor or fragrance does not penetrate into an edible product area.

FEATURES

- No overbearing fragrances added
- Recognized for safer chemistry by the EPA's "Safer Choice" program
- A blend of natural plant extracts, nonionic food grade surfactants and purified water
- Made with natural, nontoxic, and biodegradable active ingredients
- Safe to use around people and animals
- Contains no alcohol

APPLICATIONS

- Smoking
- Garbage
- Body Fluids
- Paint
- Chemicals
- Food
- Mold/Mildew
- Animals

COMMERCIAL

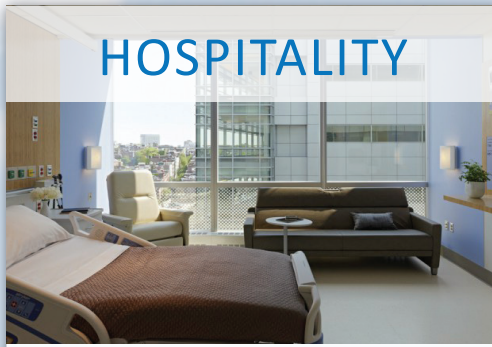

With several people working together in a small environment like an office, odors may become an issue. Dealing with body odors, food odors, product scents and cigarette smoke must be addressed directly so that you can resolve it. NATURAL AIR bonds with the odor molecules and removes them.

Ideal for:

- Entranceways
- Lobbies
- Meeting Rooms
- Fitness Centers
- Housekeeping

HOSPITALITY

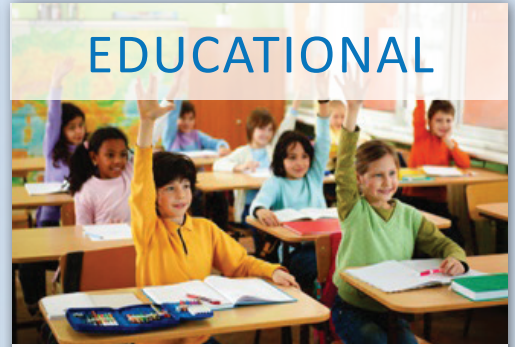

It doesn't matter if the floors are shiny, the glass surfaces sparkle and the furniture gleams; if there are unpleasant, strong or foul odors, occupants will not frequent your establishment.

Ideal for:

- Hotel Rooms
- Lobbies
- Meeting Rooms
- Fitness Centers
- Housekeeping
- Closets
- Restrooms
- Entrance Ways
- Janitorial Closets

EDUCATIONAL

Educational facilities can run rampant with foul odors. The ability to focus and study can diminish a student's attention when smells from body odor, locker rooms or restrooms have taken control. NATURAL AIR addresses every issue.

Ideal for:

- Restrooms
- Lobbies
- Libraries
- Science Labs
- Housekeeping
- Staff Offices
- Locker Rooms
- Cafeterias
- Common Areas
- Daycare Facilities

HEALTH CARE

Hospitals and assisted living facilities make a better impression by eliminating odors. Potential patients or residents make assumptions about the quality of a healthcare facility based, in part, on the smell.

NATURAL AIR alleviates odors that come from bodily fluids and infectious wounds.

Ideal for:

- Resident and Patient Rooms
- Restrooms
- Nurses' Stations
- Lobbies
- Rehabilitation/Exercise Rooms
- Soiled Linen Rooms

FOOD SERVICE

Most will agree an enjoyable restaurant experience is dependent upon a pleasant atmosphere outside of the quality of the food. Cooking odors, such as curry or garlic, can destroy a food and beverage business. NATURAL AIR eliminates the odors without masking them with fragrances that can be more offensive.

Ideal for:

- Waiting Areas
- Hostess Stations
- Kitchens
- Restrooms
- Cooking Odors
- Food Prep Areas
- Janitorial Closets

BUILDING SERVICES

Property managers can raise their property value by presenting a clean building. Buildings are not considered clean when ongoing odors from cigarette smoke to restrooms engulf the space. NATURAL AIR removes every odor by eliminating odor molecules.

Ideal for:

- Restrooms
- Entranceways
- Lobbies
- Childcare Facilities
- Workout Facilities
- Break Rooms
- Janitorial Closets
- Condos
- Offices
