

DRAIN COMMANDER #1450

Foaming Drain Cleaner & Odor Eliminator

Features:

- Breaks down fats, oils and greases (FOG)
- Non-toxic expanding foam
- Eliminates odors
- Non-polluting
- Contains no acids or caustics

Description:

DRAIN COMMANDER is a thick, rich foam that expands into areas that are hard to reach. It cleans drains and pipes where build up occurs and attacks the odors where they start. This product contains non-pathogenic bacteria that produce enzymes necessary for degradation of fats, oils, greases and food by-products. Each can includes a 24" tube allowing a user to apply deep into drains and pipes. Using the product reduces organic material and eliminates fats, oils, greases and odors. When used after a drain opener treatment, it will prevent future clogging and residual odors. This product can also be used in HVAC condensation pans and drain, however only use a small amount of product so the foam does not cause the drain pan to overflow.

Applications:

- Drain Lines
- Floor Drains
- Downpipes
- HVAC Condensation Pans
- HVAC Drains

For Use By:

- Restaurants
- Job Site Facilities
- Cafeterias
- Kitchens
- Universities/Colleges
- School Systems
- Bathrooms
- Hotels/Motels
- Hospitals

Product Characteristics:

Appearance:	White expanding foam
Odor:	Spring green (minty floral)
Vapor Pressure (mm Hg):	Not determined
Evaporation Rate:	< 0.8 (Slow)
Solubility (water):	100% water
Relative Density (H ₂ O=1):	0.98 - 1.01 @ 77°F (25°C)
Flash Point:	Not determined
Initial Boiling Point/Range:	>212°F (100°C)
pH:	9.8 - 11.8
Melting/Freezing Point:	32°F
Flammability (solid/gas):	Not considered a flammable aerosol or an extremely flammable aerosol by OSHA (29CFR 1910.1200).
Storage:	Protect from sunlight. Store in a well-ventilated place. Do not expose to temperatures exceeding 50°C/122°F.
Transport Information:	
UN Number:	UN1950
Proper Shipping Name:	Aerosols, Ltd. Qty
Class:	2.2
Packing Group:	Not applicable

Directions:

Attach the tube to the spray nozzle. Direct tube down drain or disposal and spray until foam is visible. Allow ample time for product to penetrate and break down build-up. Re-apply product periodically to maintain and keep the drain pipe and disposal clean and odor free.
