

# ALUMI-FORCE #2696

## Aluminum Cleaner and Brightener

### Features:

- Cleans and brightens instantly
- Can be used for preparation before painting
- Quickly removes oxidation and road film
- Brightens uniformly
- A heavy-duty, acid based product
- Available in 1 gallon jugs, 5 gallon pails and 55 gallon drums

### Description:

ALUMI-FORCE is specially formulated to instantly remove soil, grease, oxidation and corrosion from aluminum surfaces. Safe for many aluminum applications, ALUMI-FORCE is a multipurpose cleaner that works quickly to clean and brighten truck trailers, aircrafts, window trim and various other surfaces. With a VOC compliant formula and no hydrochloric or hydrofluoric acids, it is a safer alternative to other aluminum cleaners. It can also be used as a preparation before painting. Just apply and rinse.

- Aircraft
- Truck Trailers
- Magnesium
- A/C Coils
- Screens
- Trim
- Buses and Trucks

### Applications:

- Soils
- Greases and Grime
- Oxidation
- Corrosion
- Brightening
- Road Film

### Product Characteristics:

Appearance:	Colored liquid
Odor:	Fragranced
Physical State:	Liquid
Boiling Point:	212°F
Vapor Pressure:	No data available
Solubility (water):	Completely soluble
Auto-Ignition Temp:	Not applicable
Flash Point:	None
Viscosity:	Moderately viscous
pH:	1 to 2
Evaporation Rate:	Similar to water
Storage:	Store in a closed container.
<b>Transport Information:</b>	
UN Number:	UN1760
Proper Shipping Name:	Corrosive Liquid N.O.S.
Class:	8
Packing Group:	III

### Directions:

This concentrated cleaner may be diluted with up to thirty parts water depending on the condition of the surface to be cleaned. Extremely severe conditions may allow only a five to one dilution. Brush or spray solution on surface to be cleaned working from the bottom up. Allow to remain for three to five minutes and rinse thoroughly. Use plastic pails for making up solution.

Do not use on hot surfaces. Always dispose of remainder of solution when cleaning job is finished.

Caution - Do not use on glass. This product will etch glass. Use on aluminum only.

Caution - Do not use on polished aluminum.

Attention: If product must be used near glass, cover glass with oil first. User does so at own risk. This product will etch glass.

### DOT Placard:

### VOC Compliant:

Compliant in all 50 states.

### Pictograms:

### Signal Word:

DANGER.
