

## DESCRIPTION

This product is a complex, water-based formulation designed to effectively perform as a heavy-duty cleaner/degreaser. It is formulated with a chemical-penetrating emulsifier that reacts, suspends and floats away stubborn greases and soils that normally do not respond to weaker, all-water products or to normally flammable, all-solvent products. However, it is still gentle on the hands. In addition, this formulation is scientifically controlled to be extremely powerful, nontoxic and biodegradable. Furthermore, it contains a special rust inhibitor that makes it safe to use on metal surfaces. The powerful ingredients in this product are designed to mix with water. Therefore, it is economical and provides a safe, fast-cleaning action. Just spray it on, and wipe or hose it off for a clean, bright surface.

## DIRECTIONS

**EXTRA HEAVY-DUTY** - Dilute ASSAULT with equal parts of water. Rinse.

**HEAVY-DUTY** - Dilute 1 part ASSAULT with 5 to 8 parts of water. Agitate with a brush if necessary. Rinse.

**MEDIUM-DUTY** - Dilute 1 part of ASSAULT with 10 to 12 parts of water. Rinse.

**LIGHT-DUTY** - Dilute 1 part of ASSAULT with 40 parts of water. Rinse.

May be used in high-pressure washers (hot or cold) or in a steam cleaner. May be diluted up to 50 to 1 in these applications. May also be applied by mop, sprayer, soak or automatic scrubber.

**KEEP FROM FREEZING**

# ASSAULT

## HEAVY-DUTY, BIODEGRADABLE WATER-BASED DEGREASER

- \* ECONOMICAL
- \* DOES NOT LEAVE A FILM
- \* FOAM CONTROLLED
- \* NONFLAMMABLE
- \* NO OFFENSIVE ODOR
- \* FREE RINSING
- \* BIODEGRADABLE
- \* RUST INHIBITED
- \* NONTOXIC
- \* NONCORROSIVE

### USE SAFELY ON MOST WASHABLE SURFACES

- \* GREASY SURFACES
- \* CONCRETE FLOORS
- \* KITCHEN WALLS
- \* OVENS
- \* PRINTING PLANTS
- \* BOAT EXTERIORS
- \* ENGINES & MOTORS
- \* METAL SURFACES
- \* SWIMMING POOLS
- \* STAINLESS STEEL
- \* ALUMINUM
- \* WHITE SIDEWALLS
- \* PLASTIC & FIBERGLASS
- \* SCRUBBING MACHINES

### CAUTION:

**KEEP OUT OF THE REACH OF CHILDREN**  
See Side Panel for Additional Precautionary Statements  
**FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY**

Net Contents 1 Gallon

- \* May be used manually or in an automatic scrubber
- \* Aggressive cleaner/degreaser-requires little scrubbing
- \* Flexible-may be used in many different applications
- \* When diluted at 10:1 or greater is safe to use on anodized aluminum.

Do not use undiluted on composition floors (resilient tile) or on water-based, painted surfaces. In case of contact with glass, rinse glass well. When applying to aluminum or magnesium, rinse well. Good industrial safety practices should include adequate ventilation and the use of rubber gloves as with use of any other chemical.

Signal Word: **DANGER**

Corrosive Liquid N.O.S.  
(Contains: Caustic Potash)

#### Hazard Statements:

Causes severe skin burns and eye damage.

#### Precautionary Statements:

Wash face, hands and any exposed skin thoroughly after handling. Store locked up. Dispose of contents/container to an approved waste disposal plant.

#### First aid:

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**IF ON SKIN (or hair):** Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

**IF INHALED:** If breathing is difficult, remove to fresh air and keep in a position comfortable for breathing.

**IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Get medical advise/attention if you feel unwell.

#### INGREDIENTS

2-Butoxyethanol.....111-76-2  
Sodium Metasilicate.....6834-92-0  
Potassium Hydroxide.....1810-58-3

#### CAS#

Product Code #2620
