Social Distancing & Barricade Tape

Social Distancing and Barricade Tape is an economical and convenient way to clearly identify acceptable distances between people, locations which are off limits, and areas where caution must be used

Social Distancing Tape rolls have continuously printed messages and are available in Adhesive Vinyl and Anti-skid options

Adhesive Vinyl Tape comes in rolls of **3" x 108'** and is made from a tough, low profile, pressure-sensitive adhesive vinyl

Anti-skid Tape comes in rolls of **3" x 54'** and has the added protection of an anti-skid overcoat

Both versions adhere to most clean, dry, non-porous surfaces and are best suited for indoor and temporary outdoor use

Thank You For Practicing Social Distancing Please Keep Your Distance

6" Die-cut circles made from pressure-sensitive, **adhesive vinyl**

Perfect for **aisle marking** and **eye level** social distancing messages throughout any facility

Transparent Shield

Protecting against the spread of illness poses a great challenge to many industries that rely on high traffic and direct customer interactions. In these applications, social distancing is not always possible and therefore more effective precautions are required. Transparent shields are in a unique position to help combat this challenge - protecting workers, customers, patients and caregivers.
