Description:

MULTI-PURPOSE COOLING NECK BANDS are easy to clean and keep you cool on the hottest of days. The multi-purpose band can be used and worn in a variety of ways. The cooling bands are activated by water. There are two key factors that make this a cooling product. The material is moisture wicking, lightweight and will soak up sweat without getting heavy and soaked. Another key factor is that the product is rated UPF 50. While being lightweight and breathable, the bands also provide excellent protection against the sun.

Applications:

- Maintenance
- Manufacturing
- Parks and Recreation
- Construction
- Utilities
- Municipalities
