Read all label precautions carefully before
using this product

Net Contents 1.25 lbs. (454g)

FLOW FREE contains unique citrus scented granules that clean and maintain drains. This thermo-chemical drain line opener and maintainer destroys the main causes of slow moving and blocked drains (hair, soap scum & slime); therefore, it eliminates many other debris from also becoming tangled, matted, and trapped. Simple and safe to use in pipes 2" or less. pH 14.

FOR USE IN:

- Condensate Drains
- Drinking Fountains
- Floor Drains
- Showers
- Sinks
- Urinals
- X-Ray Sinks
- Bathtubs

DIRECTIONS: Use rubber gloves, protective clothing and eye protection when using this product. Remove any excess water. While holding container at arm's length, add one capful of Flow Free. Slowly trickle cool water into drain. Let stand for 60-90 seconds. Repeat until drain is free-flowing. Then, flush well with water.

CAUTION: Never position head over drain opening. DO NOT USE HOT WATER OR OTHER CHEMICALS WITH THIS PRODUCT.

NOTE: Make sure to flush with plenty of cool water. Follow proper proportioning; Adding more than is recommended may cause the Flow Free to remain unactivated and harden. DO NOT POUR INTO STANDING WATER. If you must pour into standing water, mix Flow Free in a cup with cool water, wait for it to heat up, then pour it into the standing water while flushing with cool water. Continue to flush with cool water.

Signal Word: DANGER

Corrosive Solid, N.O.S. (Contains: Sodium Hydroxide)

HAZARD STATEMENTS: CAUSES SEVERE SKIN BURNS AND EYE DAMAGE.
MAY BE HARMFUL IF INHALED.

PRECAUTIONARY STATEMENTS: Keep only in original container. Do not breathe dust, fume, gas, mist, vapours, spray. Wash face, hands and any exposed skin thoroughly after handling. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. Wash contaminated clothing before reuse. Store locked up.
