Product: **Handy Spreader & Broadcast Spreader**

Product Code: 422801 & 449101

Our supplier recently notified us that they have discontinued the Handy Spreader. Also due to lack of sales, we have unfortunately decided to discontinue the Broadcast Spreader. We are currently out of stock of both.

If your customer does want to purchase a spreader, we will continue to carry our Shaker/Spreader (433701), along with our Sno-Pro Snow Rakes (416901).
