

PRODUCT BULLETIN

Date: 2/16/2022
Product: **Rapid Set, C-Joint, Anchor-It, Firm Grip, Epoxy Waterproofing, Sure Patch**
Product Code: 2112, 2445, 2447, 2448, 2457, 2466

Due to raw material shortages and supply chain issues with our current vendor, we are temporarily discontinuing the following products:

Product Code	Product Name	Container Size
2112	<i>Rapid Set</i>	All Sizes
2445	<i>C-Joint – Gray and Clear</i>	All Sizes
2447	<i>Anchor-It</i>	All Sizes
2448	<i>Firm Grip – Yellow and Black</i>	All Sizes
2457	<i>Epoxy Waterproofing & Patching Compound</i>	All Sizes
2466	<i>Sure Patch</i>	All Sizes

We have continued to monitor the situation closely up until this point but have been given an extended lead time that is indefinite. For this reason, we cannot continue to place orders for these products. All existing backorders for these products will remain backordered and will still be honored when the products become available to us again but new orders will not be accepted until further notice.

We are actively looking for alternatives to resolve this issue quickly and are in the process of finding new suppliers as well. As we continue with this process, we will also continue to monitor the status of our existing orders and update backorder information accordingly.
