

# EXTEND-A-LIFE RTU #2293

Ready-To-Use Formula

## Features:

- No mixing required
- Ready-to-use
- Conditions envelopes
- Reduces sticking
- Reduces tears due to tugging on envelope
- Reduces wear and tear on J-hook assemblies

## Description:

EXTEND-A-LIFE RTU is a ready-to-use lubricant used on the "envelopes", which encase the tire being retreaded prior to going into a retread chamber. It will prevent the tires from, sticking to the envelopes, reducing tears and wear on the J-hook assemblies. This envelope acts as a seal which tightens around the tire casing while the retread rubber cures within the chamber.

## Applications:

- Retread Plants

## Product Characteristics:

Appearance:	Milky Emulsion
Odor:	Odorless
Melting/Freezing Point:	Not available
Vapor Pressure:	Not available
Solubility (water):	Complete
Relative Density:	1.0
Flash Point:	None
pH:	4-5
VOC Content (wt. %):	0
Storage:	Do not use or store near heat, sparks or open flame. Store in a cool, dry place. Do not get in eyes, on skin or on clothing. Keep out of reach of children.
<b>Transport Information:</b>	
UN Number:	Not regulated
Proper Shipping Name:	Not regulated
Class:	Not regulated
Packing Group:	Not regulated

## Directions:

Using a sprayer (hand held or 2 gallon with wand), apply directly to hot envelopes when removed from chamber. Apply a light coat. The heat will allow the lubricant to evaporate quickly leaving the envelope lubricated without being messy.

## Pictograms:

## Signal Word:

WARNING.

## Personal Protective Equipment Required:

## DOT Placard:

Not regulated.
