

# AIR DUSTER #1091101

All-Purpose, Non-Flammable, Sterilized Cleaner & Air Duster

## Features:

- Removes dust, dirt and microscopic debris from hard-to-reach places
- Non-flammable
- All-purpose sterilized cleaner
- Safe for energized equipment

## Description:

AIR DUSTER is defined as an Ultra-low Global Warming Potential, all-purpose sterilized cleaner that removes dust, dirt and microscopic debris from hard-to-reach places. Its blasting precision spray quickly and easily removes dirt and dust from delicate surfaces, including all electronic or electrical devices from computers and office equipment to industrial machinery and manufacturing equipment.

## Applications:

- Mobile Devices
- Workbenches
- Tools
- Computers
- Keyboards
- Printers
- Photo Equipment
- Desktops
- Fax Machines

## Product Characteristics:

|                                |  |
|--------------------------------|--|
| Appearance:                    | Clear, colorless liquefied gas   |
| Odor:                          | Slight ethereal odor   |
| Initial Boiling Point:         | -19°C  |
| Vapor Pressure @ 70°F:         | 61 PSIG  |
| Vapor Density (air= 1.00):     | 3.9  |
| Specific Gravity (H2O = 1.00): | 1.19   |
| Solubility in Water @ 70°F:    | 0.0373%  |
| Flash Point (Method):          | None per ASTM E681   |
| Auto-Ignition Temp:            | 368°C  |
| Percent Volatile by Volume:    | 100%   |
| Evaporation Rate:              | > 1 (Ethyl Ether= 1.0)   |
| Explosive Limit-Lower (%):     | None < 28°C  |
| Explosive Limit-Upper (%):     | None < 28°C  |
| Storage:                       | Keep container(s) tightly closed and properly labeled. Use and store this material in cool, dry, well-ventilated areas away from heat, direct sunlight. Store only in approved containers. Protect container(s) against physical damage. "Empty" containers retain residue and may be dangerous. |
| <b>Transport Information:</b>  |  |
| UN Number:                     | UN3163   |
| Proper Shipping Name:          | Liquefied Gas, N.O.S., 2.2 (trans-1,3,3,3-Tetrafluoroprop-1-ene)   |
| Class:                         | 2.2  |
| Packing Group:                 | Not available.   |

## Directions:

Point nozzle away from yourself or others. Insert extension tube firmly. Place finger on trigger, hold firmly then remove tab from trigger assembly. Hold can in upright position. Spray in short even bursts. Do not shake before or during use.

## Important Usage Information:

**NEVER** shake or tilt can before or during use. Use only in upright position.  
**NEVER** spray into an enclosed space, such as a trash can or paper shredder  
**AVOID** skin contact with product in liquid form, may cause frostbite.
