

## Covid-19 Policy Guidelines

As many of you have been able to return to the field and visit customers we want to remind you of the safety protocols Pro Chem has in place to protect you and your customers:

- Verify with customers prior to your visit to see what their policy is on outside visitors entering their building
- Avoid handshakes
- Stand six feet apart
- Wearing a mask is **required** when visiting customers
- Take pictures of business cards instead of physically taking them
- Limit paperwork by emailing information instead
- Use hand sanitizer when you leave or enter your vehicle
- If you feel sick you should never visit a customer, please stay home

Pro Chem is adopting all CDC regulation guidelines for Coronavirus safety. We ask you to follow these procedures to keep you and our customers safe and healthy.

We thank you for your continued hard work, dedication and understanding during this unprecedented time.
